DEC/1997

TACOM-RI

SPECIFICATIONS AND STANDARDS

(a) Section I of this document contains DFARS clause 252.211-7005, Substitutions for Military Specifications and Standards, which allows bidders/quoters/offerors to propose Management Council approved Single Process Initiatives (SPIs) in their bids/quotes/offers, in lieu of military or Federal specifications and standards cited in this solicitation.

(b) An offeror proposing to use an SPI process under this solicitation shall identify the following for each proposed SPI as required by DFARS 252.211-7005 contained in Section I:

SPI	MILITARY/FEDERAL SPEC/STANDARD	LOCATION OF REQUIREMENT	FACILITY	ACO

(c) An offeror proposing to use an SPI process under this solicitation shall also provide a copy of the Department of Defense acceptance for each SPI process proposed.

(d) In the event an offeror does not identify any SPI in paragraph (b) above, the Government shall conclude that the bidder/quoter/offeror submits its bid/quote/proposal in accordance with the requirements of this solicitation.

(e) The price that is provided by the offeror in the Schedule in Section B will be considered as follows:

(1) If an SPI is identified in paragraph (b) above, the Government will presume that the price is predicated on the use of the proposed SPI.

(2) If there is no SPI identified in paragraph (b) above, the Government will presume the price is predicated on the requirements as stated in the solicitation.

(f) Bidders/quoters/offerors are cautioned that there is always the possibility that the Government could make a determination at the Head of the Contracting (HCA)/Program Executive Officer (PEO) level that the proposed SPI is not acceptable for this procurement. If such a determination is made, and the bid/quote/offer only identifies a price predicated on use of proposed SPI, the bid/quote/offer will be determined nonresponsive. Bidders/quoters/offerors who propose SPI processes are encouraged to provide a price below to reflect their price for the item manufactured in accordance with the requirements as stated in this solicitation to preclude possibly being determined nonresponsive:

INDEFINITE DELIVERY INDEFINITE QUANTITY (IDIQ) CONTRACT

1. Solicitation DAAE20-03-R-0080 is a 100% Small Business Set-Aside, and will result in the award of a 5-year, firm fixed-price, indefinite delivery indefinite quantity (IDIQ) type contract (see FAR 16.504).

2. The guaranteed minimum quantities to be awarded under this solicitation are as follows:

CLIN	NOUN	NSN	PN	QTY
0001	Spring, Helical, Comp	5360-01-341-7432	12591486	90
0002	Spring, Helical, Comp	5360-01-340-7916	12591481	200
0003	Spring, Helical, Comp	5360-01-340-6074	12591442	53

These are the guaranteed minimum quantities to be awarded under this solicitation and specifically represent the guaranteed "minimum" quantity as defined by the referenced FAR and DFARS clauses contained within this solicitation either in full text or incorporated by reference. The guaranteed minimum quantities will be obligated at time of award under Delivery Order 0001. All other estimated buy quantities are estimates only, and do not bind the Government in any way.

3. The Government's projected buy quantities, by Ordering Period, as set forth on the Pricing Evaluation Spreadsheet (Attachment 007) represent the best estimate of actual projected demands. These quantities may be impacted by many unforeseen factors including changing technologies and budgetary influences, etc. The minimum and maximum quantity pricing ranges, as shown on the Pricing Evaluation Spreadsheet (Attachment 007), are provided solely for the purpose of establishing reasonable ranges of quantities against which to provide prices, and to establish ordering limitations in the event that orders beyond the minimum quantities are executed. The Pricing Evaluation Spreadsheet also establishes the ordering limitations defined in Clause IF6029, "Order Limitations" (FAR 52.216-19). Under this IDIQ contract scenario, the Government promises a minimum buy quantity at time of contract award. Except for the guaranteed minimum quantities stated above, the Government does not guarantee any future awards of projected buys.

4. Ordering periods covered by this solicitation are specified below:

- Ordering Period 1: Date of award - 30 May 2004
- Ordering Period 2: 1 Jun 2004 - 30 May 2005
- Ordering Period 3: 1 Jun 2005 - 30 May 2006
- Ordering Period 4: 1 Jun 2006 - 30 May 2007
- Ordering Period 5: 1 Jun 2007 - 30 May 2008

5. The proposed unit prices for all quantities, both the guaranteed minimum quantities and the indefinite quantities shall be marked on the Pricing Evaluation Spreadsheet at Attachment 007. Proposals failing to offer prices for all five ordering periods will not be considered. Proposals offering prices for quantities other than those solicited will not be considered.

6. All delivery orders will be issued UNILATERALLY by the Government with firm delivery dates at the unit price corresponding to the ordering period. The delivery date for all CLINs on Delivery Order 0001 will be 120 days after date of award. Follow-on delivery orders will provide for 120 days production lead time on all CLINs.

7. Offerors are required to submit prices for production deliveries based on F.O.B. Destination. The shipping destination will be New Cumberland Army Depot, PA. Specific addresss and shipping instructions will be found in the Section B of the delivery orders.

8. The Government is only liable to buy the quantities ordered under signed delivery orders and will not be held liable for the Contractor's decision to build quantities ahead of the schedule.

9. Only Contracting Officers of the following activity are authorized to issue orders under this IDIQ contract:

M-1	52.215-4507 TACOM-RI	EVALUATION OF OFFERS	MAR/1988

An offeror must quote on all items in this solicitation to be eligible for award. All items will be awarded only as a unit. Evaluation of offers will be based, among other factors, upon the total price quoted for all items.

(End of Provision)

(MS71100)

**PRICE**

- The Government will evaluate offers based on prices proposed for each CLIN for all ordering periods and any other price related factors required by the solicitation.
  - For each proposal, TACOM-RI will calculate a total evaluated price by multiplying the proposed unit prices for each range and ordering period by their respective weight and maximum quantity and summing their totals. The weight associated with each range represents the likelihood that the Government will place an order within that range if an order is placed. TACOM-RI will also consider other price related factors required by the solicitation to include any first article test, GFE, or other price related cost.
  - Any proposal that is unrealistically high or low in price will be deemed indicative of a failure to comprehend the Government's requirement and may be rejected for such a reason.
- If an offeror fails to propose for all ordering periods, the Government may reject that offer as unacceptable.
